

# Wing Crunch!

At an Air Force Base

**ORM: Occasional Risk Mismanagement**

# Sometime during the mid-watch...

**ORM: Occasional Risk Mismanagement**

... an AGE (aerospace ground equipment) driver nodded off.

**ORM: Occasional Risk Mismanagement**

His alarm clock was an aircraft wing, near the right main landing gear

**ORM: Occasional Risk Mismanagement**

# Damage: various flaps ...

**ORM: Occasional Risk Mismanagement**

... a Ford windshield...

**ORM: Occasional Risk Mismanagement**

... some bay doors...

**ORM: Occasional Risk Mismanagement**

... other dents, tears,  
scratches, dings ...

**ORM: Occasional Risk Mismanagement**

... and minor damage to the hood.

**ORM: Occasional Risk Mismanagement**

At least the driver hadn't been  
towing anything.

**ORM: Occasional Risk Mismanagement**

From any angle, this doesn't look good.
